Additionally, IAFF members can send tax-deductible contributions to assist IAFF members impacted by Hurricane Katrina to:

The IAFF Disaster Relief Fund provides assistance to IAFF members who suffer financial hardship as the result of a federally declared disaster area or in cases of natural or man-made disasters, such hurricanes Katrina. Additional info from the IAFF is available at www.iaff.org.

Equipment Donations:

If you have equipment and supplies that you would like to donate to fire departments in the affected areas, the various associations and FEMA encourage you to work through your State Emergency Management offices and notify them that you have the equipment. To find contact information for your state Emergency Management office, visit: <http://www.fema.gov/fema/statedr.shtm>

The IAFC is also working with the effected state Fire Chiefs Associations to identify support and assistance needs. More information when it is available.
